| <p>Southern Cross Austereo www.southerncrossaustereo.com.au/</p> | <p>Southern Cross Austereo is an Australian group of companies formed in July 2011 by the merger of Southern Cross Media Group and Austereo Group. The Group's parent company, Southern Cross Media Group Limited, is listed on the Australian Stock Exchange. Southern Cross Media was previously known as Macquarie Regional Radio Works, prior to the absorption of the remaining assets of Southern Cross Broadcasting that were purchased by Macquarie Media Group in 2007. Previously known as Macquarie Media Group, Southern Cross Media began its life after Macquarie Media internalized its management and recapitalized in late 2009. It owns a collection of regional radio and television stations. SCA's head office is in South Melbourne, where the headquarters of Fox FM and Triple M (Melbourne) are located. We create more hours of live content than any other broadcast media in Australia and can connect brands with 95% of Australians each week via our regional free-to-air TV networks, national radio networks, online, mobile and unique one off events. Our wide range of media offerings gives us the unique opportunity to provide inventive, interactive and cross platform campaigns.</p> |
| <p>Royal Flying Doctors www.flyingdoctor.org.au/</p> | <p>Broken Hill Base is steeped in Australian history, and very much part of the community it serves. As well as health services, we have educational opportunities, a medical Centre, a museum and shop. Operations began at the RFDS Broken Hill Base in May 1936. It was here, over sixty years ago, during the Queen's 1954 visit that we received the "Royal" prefix. From Broken Hill we provide 24 hour emergency retrievals, covering a land mass of approximately 640,000 km². We operate a network of primary health clinics where patients can access community health nurses, dentists, mental health and allied health professionals. Our team offer training for medical and health science students in partnership with the University of Sydney, Department of Rural Health. The Clive Bishop Medical Centre is located on the base, and offers non-emergency treatment in the areas of family medicine — including immunisations and children's health checks plus men's and women's health — as well as management plans for chronic illness, wound care, skin checks and minor surgical procedures.</p> |

| <p>White's Minerals and Mining Museum</p> | <p>If you've ever wanted to go underground without going underground then White's museum is the place. Your knowledgeable host, Kevin 'Bushy' White, spent many years working underground before turning his back yard into a mining museum to tell the story of the great mines of Broken Hill. Also featuring a gallery of Betty White's doll collection for those not interested in mining, Bushy's mineral artworks made from the minerals found under Broken Hill add to the audio-visual displays, memorabilia, and collectables.</p> |
| <p>Sufi Books Of Broken Hill http://sufibooks.com.au/</p> | <p>Sufi Books of Broken Hill is a part of Almiraj Sufi and Islamic Study Centre, and provides the other wing of teaching for everyone who seeks to change, because reading on the subject is one of the first steps on the path of transformation. The time spent on the path varies according to the sincerity of the seeker and a genuine longing to experience the realities of the Truth, here and now. The path of Tasawwuf (Sufism) is a path of total transformation, both inward and outward and of caring not just for oneself but for all of creation. It is most important to collect (and read) books that relate to this teaching so that the psyche will obtain fresh and new realizations to balance the self.</p> |
