Art Exchange

BHAE Street Art Projects

Street Art Projects: The Street Art Projects comes about as a result of the resounding reception the Exchange received in response to a mural project done by visiting artist Damien Mitchell. Both local businesses, organisations and artists have expressed interest in creating a mural for their own wall and the Art Exchange shall deliver! In conjunction with an international assemblage of visiting artists and local artists across BH and the region. BHAE will ensure that the right artist is selected for the right job.

Street art is far from just the stereotypical fluorescent tags on a trains carriage, it also includes the corporate to the modern & everything in between. This project will focus on street art in the form of wall murals, a form of art with a proven ability to draw positive attention and often publicity.

Art by Makatron

There is a material subsidy provided to eligible projects displayed in publicly accessible locations i.e. exterior walls with a street view.

Art by Adrian Doyle

Art by Heesco

The Street Art Project will include individual commissions and/ or the opportunity to register the murals into larger art events. It's as easy as submitting an application form at the Broken Hill Art Exchange and watch your blank canvas come to life.
